

Which Package is Right for You?

The Pulsara **ONE** package for EMS is free for both the EMS agency and the receiving Emergency Department. This event-based communication and logistics platform enables EMS and hospitals to instantly and seamlessly communicate critical patient information. With the tap of a button, Pulsara empowers all medical professionals to create and manage the very best care teams possible.

The enhanced features in Pulsara **UNITED** allow an EMS agency to provide an expanded scope of practice such as Mobile Integrated Health and Community Paramedicine. Additionally, you have the ability to incorporate Medical Control, add Supervisors, create teams dynamically on the fly, and even transport to alternative destinations.
