pulsara®

Which Package is Right for You?

The Pulsara **ONE** package for EMS is free for both the EMS agency and the receiving Emergency Department. This event-based communication and logistics platform enables EMS and hospitals to instantly and seamlessly communicate critical patient information. With the tap of a button, Pulsara empowers all medical professionals to create and manage the very best care teams possible.

The enhanced features in Pulsara **UNITED** allow an EMS agency to provide an expanded scope of practice with additional functionality that supports Mobile Integrated Health and Community Paramedicine initiatives.
