

A Communication Platform that Connects Teams Across Organizations

Pulsara Enterprise is a complete communication solution for out-of-hospital, interfacility, and intrafacility teams

Pulsara ENTERPRISE

You don't have to settle for yesterday's archaic technologies that don't integrate and can lead to miscommunication. Instead, leverage the power of modern technology to connect all members of the care team – whether inside or outside of your organization – and provide the right amount of care at the right time, for every patient type. **#ItsAboutPeople**

FREE UP ED RESOURCES

EMS ETA is auto-calculated using GPS, so you can pre-register your patient, or even direct EMS to bypass the ED.

DECREASE TREATMENT TIMES

ALL clinicians are on the same page at the same time, reducing treatment times by up to 30%.

GET ANSWERS FAST

Use real-time consult to connect with any other member of the care team, whether at your facility or in another state.

SIMPLIFY TRANSFER PROCESS

No more endless phone calls to transfer a patient. Request, manage, and complete the process with a few taps.

STREAMLINE DATA COLLECTION

Set benchmarks for reporting, QA, and QI: Pulsara collects data automatically and makes reporting a breeze.

EVALUATE PERFORMANCE

Identify opportunities for improvement with real-time bar timers that compare your case's progress against goals.

COMMUNICATE FACE-TO-FACE

Real-time video streaming allows you to see a patient or any other care team member instantly, from any location.

GET WORLD-CLASS SUPPORT

Rest easy knowing you're in good hands with Pulsara's support team who are here for you 24/7/365. We even have a local, onsite consulting option!
