

# Adding Pre-Hospital Stroke Scores

This guide will walk you through adding pre-hospital stroke scores to a new or existing Stroke case.

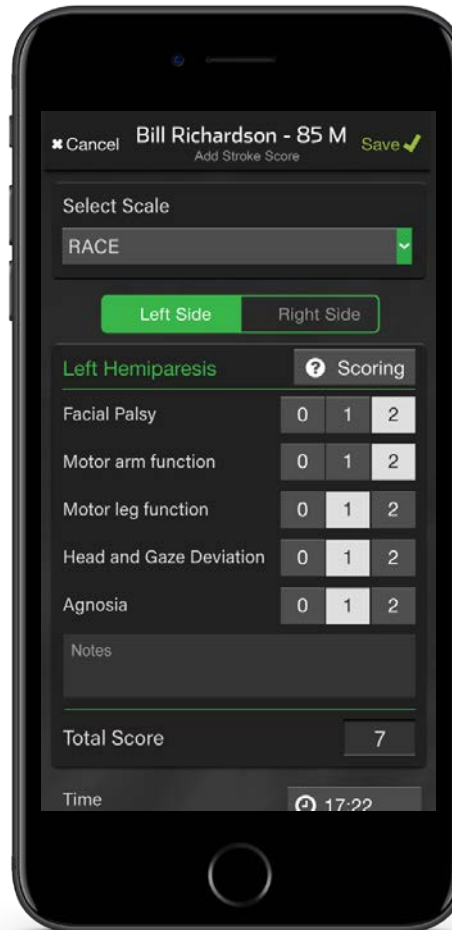

# Pre-Hospital Stroke Score

Follow these steps to add a pre-hospital stroke score to a stroke case

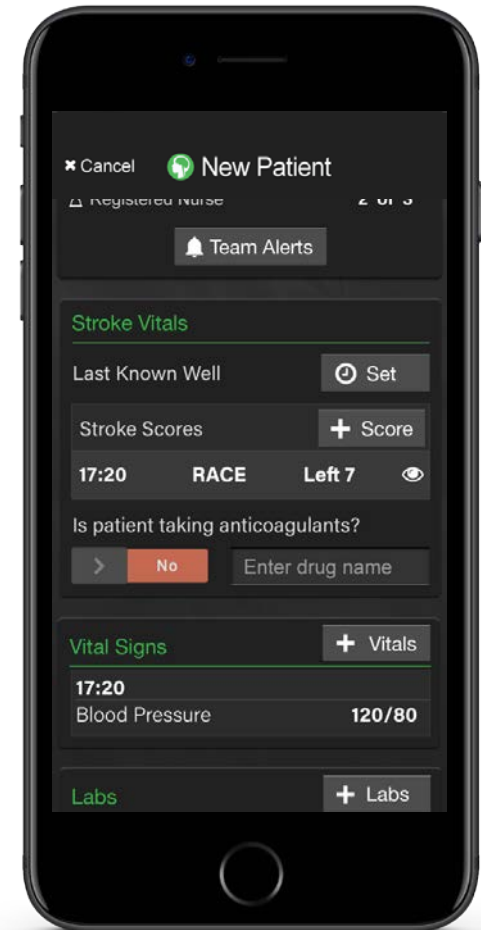

## 1 Add Stroke Score

Tap on the "+Score" button to open the stroke score card.

## 2 Choose Desired Score

Select the desired stroke scale from dropdown and validate score parameters. Tap **save**. *TIP: tap on the "? Scoring" button for score value descriptions*

## 3 View Results

Stroke scores will appear with a timestamped value in the "Stroke Scores" section.
